Southpark Pharmacy's award presentation video will be on AGN TV today!

Southpark Pharmacy

Winner of: **Best Pharmacy – Local**

When it comes to choosing a pharmacy, you're picking a team of people who quite literally will have a hands-on impact on your life. For four consecutive years, local voters have named Southpark Pharmacy as the best local pharmacy, a win that owner Prince Ogbonna attributes to excellent customer care, a friendly atmosphere, knowledgeable staff and a wide variety of products and services.

"We are so grateful and so excited that our customers voted for us again this year," says Ogbonna. "We don't take it lightly. We really want to keep the place dedicated to the patients and providing them with the best customer service."

Locally owned for more than 25 years, Southpark has earned a reputation for having trustworthy, knowledgeable and friendly employees that go the extra mile. Ogbonna and his staff of five pharmacists view customers as friends, taking time to know each one and surpass the level of service they would expect from a pharmacy.

"Southpark is unique in the sense that we have prescription delivery, a drive-up window ... everything that, in these days, is necessary to keep customers happy," says Ogbonna. "We have all these services that we render and I think that makes people happy and keeps them coming back."

"We are so grateful and so excited that our customers voted for us again this year. We don't take it lightly."

The self-proclaimed "Vaccine Capital" of Amarillo, Southpark's two convenient locations offer a wide range of pharmaceutical products and services, including school and travel immunizations, specialty compounding, diabetic shoes, testing supplies and cholesterol testing. Southpark also collaborates with its patients' doctors and insurance to streamline the prescription process.

"People come into the pharmacy two to three times a month," Ogbonna explains. "We help them synchronize all their medication and help them with insurance so that we can fill it at once. We take care of our customers in a specialized way."
